Work Experience

2019 - 2020

Clinical Assistant

Specsavers

Understanding customers' needs and preferences to supply them with a product that perfectly suits them. Achieving complete customer satisfaction from the service experience to purchasing the perfect product. These skills are useful for analysing the client's and user's preferences to create a successful web application and shows a drive for achieving desired outcomes.

Carrying out multiple tasks and having up-to-date product knowledge, to offer the customer the best information possible. This shows eagerness to learn new technologies and techniques which is needed to create a product that is of the highest standard.

Solving customer's problems effectively and efficiently, for example repairing their glasses/hearing aids or resolving a contact lens scheme issue. Problems arise in every development project, being able to solve them effectively and efficiently is key to meeting deadlines and maintaining a high-quality product.

2019 - 2019

Bartender

The Crafty Half / Hyde Park Pub

Presented face to face with customers to ensure satisfaction, return purchases and upholding a professional atmosphere within the bar. These are skills needed for developing relationships with clients while maintaining the business's reputation.

2018 - 2018

Delivery Driver

Pertemps, Coldcall

Delivering products effectively while meeting set timescales. To maintain this role, time management and organisational skills were key and were displayed by organising the product in the correct delivery order and planning the working day accordingly. These skills ensure keeping within deadlines and being able to present organised work files and folders.

2012 - 2017

Sous Chef

Mamma Mia Restaurant

Working within a team preparing food, making pizzas and cooking starter courses, while coordinating with the other members in the kitchen and waiting staff to provide exceptional service. Communication and team-working skills were adamant for this role. The key to working as a team is to communicate ideas, current progress and to offer any help where it is needed, this ensures the tasks run smoothly and produces high-quality results on time.

Presenting dishes in an aesthetically pleasing manner and cooking the food to near perfection to ensure customer satisfaction, demonstrating attention to detail and a drive for excellence in every task.

Working under pressure in a fast-paced kitchen while being able to keep cool and carry out the job in hand effectively to ensure results.
